**Re: Declaration for Ryton® PPS or Xtel® PPS Alloy Products,  
EC Directive 2000/53/EC (End of Life Vehicles)**

To Whom It May Concern:

All Ryton® PPS and Xtel® products and their packaging, as supplied by Solvay Specialty Polymers U.S., L.L.C., comply with the requirements of Article 4.2a of EC Directive 2000/53/EC. All Ryton® PPS and Xtel® products are normally expected to contain less than 100 ppm Lead, Mercury, Cadmium, and Hexavalent Chromium. None of these substances are intentionally introduced as additives into any Ryton® PPS or Xtel® products, and these substances may only be present as adventitious trace impurities in the products.

Sincerely,

A handwritten signature in black ink that reads 'John Bankston'.
