SODIUM CARBONATE/SODA ASH

HALAL Statement

STATEMENT OF HALAL STATUS SODIUM CARBONATE (SODA ASH)

Although not certified as Halal, as presently formulated, Solvay's Sodium Carbonate (soda ash), produced in Green River, WY, does not contain any ethyl alcohol or ingredients of animal or plant origin.

The process used to manufacture this product also does not use ethyl alcohol or any materials of animal or plant origin.

Use of all Solvay's products for food applications should follow appropriate guidance and regulations such as are found in, but not limited to, 21 Code of Federal Regulations (21 CFR) and USDA publications.

To our actual knowledge, the information contained herein is accurate as of the date of this document. However, neither Solvay, nor any of its affiliates, makes any warranty, express or implied, or accepts any liability in connection with this information or its use. This information is for use by technically skilled persons at their own discretion and risk and does not relate to the use of this product in combination with any other substance or any other process. This is not a license under any patent or other proprietary right. The user alone must finally determine suitability of any information or material for any contemplated use in compliance with applicable law, the manner of use and whether any patents are infringed. This information gives typical properties only and is not to be used for specification purposes. Solvay reserves the right to make additions, deletions or modifications to the information at any time without prior notification.

Trademarks: Trademarks and/or other Solvay products referenced herein are either trademarks or registered trademarks of Solvay or its affiliates, unless otherwise indicated.

Before using, read the Safety Data Sheet (SDS) for the chemical.
