PROPOSAL FOR A TRANSACTION TREATED AS A DEMERGER BY ACQUISITION

In accordance with Articles 12:8 and 12:59 of the Code of Companies and Associations (“CCA”), the Boards of directors of Solvay SA/NV (“Solvay”) and Syensqo SA/NV (“Syensqo”) have drawn up the present proposal for a transaction treated as a demerger by acquisition, whereby the assets and liabilities of Solvay described below will be demerged and transferred to Syensqo (the “Partial Demerger”).

This joint proposal was approved by the Board of directors of Solvay at a duly convened meeting held on October 17, 2023 and by the Board of directors of Syensqo by way of unanimous written resolutions adopted by its directors on October 20, 2023 (the “Partial Demerger Proposal”). The date of the first of these two meetings will hereinafter be referred to as the “First Approval Date”.

1. Description of the proposed transaction

(a) Terms of the Partial Demerger

1.1 The proposed transaction is a transaction treated as a demerger (*i.e.*, a division) within the meaning of Article 12:8 of the CCA and Article 159 of Directive (EU) 2017/1132 of the European Parliament and of the Council of June 14, 2017 relating to certain aspects of company law, as amended, pursuant to which, subject to obtaining the required approval of Solvay and Syensqo’s shareholders and the authorizations set forth in the Partial Demerger Proposal, (i) part of the assets and liabilities of Solvay would be contributed to Syensqo without Solvay ceasing to exist, and (ii) in exchange for such contribution, Syensqo would issue and allocate Syensqo ordinary shares directly to Solvay’s shareholders, with the Solvay shareholders receiving one Syensqo ordinary share for each Solvay share held by them on the Effective Date, in accordance with the Partial Demerger Proposal. This exchange ratio is fixed and will not be subject to any adjustment prior to the completion of the Partial Demerger.

1.2 The Partial Demerger relates to Solvay’s “Specialty” activities (together, the “Specialty Perimeter”), consisting of:

- (i) the following businesses currently included in the Materials segment:
 - Specialty Polymers (in 2022: EUR 3,121 million net sales), which offers a wide range of high-performance polymers; and
 - Composite Materials (in 2022: EUR 954 million net sales), which designs and manufactures high-performance carbon fiber composites and adhesives;
- (ii) the following businesses currently grouped in the Solutions segment, including:

- Novecare (in 2022: EUR 1,905 million net sales), which deploys a portfolio of increasingly natural ingredients, including guar derivatives, fatty acids and more conventional surfactants, amines and solvents;
 - Aroma Performance (in 2022: EUR 575 million net sales), the world’s largest integrated producer of natural and synthetic vanillin for the flavors and fragrance industries;
 - Technology Solutions (in 2022: EUR 740 million net sales), which has a global positioning in phosphine-based chemistry for specialty mining reagents and also produces UV stabilization solutions for polymers; and
 - Oil and Gas Solutions (in 2022: EUR 586 million net sales), which provides a wide product portfolio for the oil and gas sector, as well as sodium hypophosphite (notably for metal plating) and a technological process that gives durable flame-retardant properties to cotton-based textiles.
- (iii) research and development activities relating to the businesses described under points (i) and (ii) above; and
- (iv) administrative, accounting, tax, legal, intellectual property management, human resources support services, procurement and other centralized services, as well as treasury and intra-group financing services provided by Solvay to the legal entities carrying on the businesses described under points (i) and (ii) above (including the Specialty Perimeter Companies).
- 1.3 The activities of the Specialty Perimeter generated net sales of approximately EUR 7.8 billion in 2022 on a Solvay group-wide basis. The assets and liabilities comprising the Specialty Perimeter are identified in Section 11.
- 1.4 Following the Partial Demerger, Solvay will retain the shares and other interests it holds in companies engaged in (or themselves holding shares or other interests in) the “Essential” activities, which include the mono-technology businesses such as Soda Ash & Derivatives, Peroxides, Silica and Coatis, which are currently grouped in the Chemicals segment, as well as the Special Chem business belonging to the Solutions segment (together the “Essential Perimeter”). These activities generated net sales of approximately EUR 5.5 billion in 2022 on a Solvay group-wide basis.
- 1.5 The Partial Demerger will be governed by the provisions of Book XII, Title II, Chapter III, Section I of the CCA.

(b) Reasons for the Partial Demerger

- 1.6 The purpose of the Partial Demerger is to transfer the Specialty Perimeter from Solvay to Syensqo, while the Essential Perimeter will be retained by Solvay. Once completed, the Partial Demerger would create two leading groups in their respective sectors, which will have the strategic and financial flexibility to develop their own business models, markets, investments and priorities vis-à-vis their different stakeholders. In particular, the Partial Demerger would address the following economic incentives:

- different operational needs, whereby the Essential Perimeter’s management would be able to focus on its leading mono-technology businesses, cash flow growth and sustainability, while Syensqo’s management will be able to dedicate its efforts to achieving above-market growth, develop innovative, high value-added solutions, and sustainability;
- to implement a differentiated operating model in each perimeter to better meet customer expectations;
- to adopt a specific financing structure for each of the two perimeters, enabling them to meet their respective financing and distribution constraints;
- to manage the allocation priorities of the capital invested according to the respective businesses of the two perimeters;
- to drive sustainability initiatives;
- to attract and retain the most suitable talent for distinct activities; and
- to present each company to investors with greater clarity and visibility in order to attract a long-term investor base suited to each company.

(c) **Completion of the Partial Demerger**

1.7 The Partial Demerger will take place at midnight, Brussels time, on the morning of the first day following the date of the last of the following general meetings (the “Effective Date”), without prejudice to Section 7 below:

- (i) the extraordinary general meeting of Solvay having approved the Partial Demerger Proposal pursuant to Article 12:67 of the CCA; and
- (ii) the extraordinary general meeting of Syensqo having approved the Partial Demerger Proposal and the other decisions required pursuant to Article 12:69 of the CCA.

1.8 The extraordinary general meetings of Solvay and Syensqo will be held once the following approvals have been obtained:

- (i) the approvals required from the Financial Services and Markets Authority (*Autorité des services et marchés financiers*) (the “FSMA”) with regard to Syensqo’s prospectus relating to the admission to trading of Syensqo’s ordinary shares on the regulated markets of Euronext in Brussels and Paris (the “Syensqo Prospectus”), it being specified that the FSMA will also have notified the Syensqo Prospectus to the French *Autorité des marchés financiers* and the European Securities and Markets Authority pursuant to Article 25 of Regulation (EU) 2017/1129 of the European Parliament and of the Council of June 14, 2017 (as amended, the “Prospectus Regulation”); and
- (ii) the approval by Euronext Brussels SA/NV and Euronext Paris S.A. of the admission to trading of Syensqo’s ordinary shares on the regulated markets of Euronext in Brussels (“Euronext Brussels”) and in Paris (“Euronext Paris”), respectively.

- 1.9 In accordance with Article 12:13 of the CCA and the Partial Demerger Proposal, on the Effective Date, the assets and liabilities comprising the Specialty Perimeter, as described in Section 11, will be contributed to Syensqo by way of universal transfer, without Solvay ceasing to exist, and Syensqo will issue in exchange for such contribution new ordinary shares which will be allocated directly to the Solvay shareholders in proportion to their respective shareholdings in Solvay as specified in Sections 3 and 5 below.
- 1.10 On the Effective Date, the assets and liabilities included in the Specialty Perimeter and held by the Italian branch qualifying as a permanent establishment of Solvay (*Solvay SA - Sede Secondaria per l'Italia*) registered at Viale Lombardia 20, 20021 Bollate (Milan, Italy) under number 00089900492 ("Solvay's Italian PE") will be contributed to the Italian branch qualifying as a permanent establishment of Syensqo registered at Viale Lombardia 20, 20021 Bollate (Milan, Italy) on May 19, 2023, under number 12947770967 ("Syensqo's Italian PE"). Syensqo's Italian PE will continue to carry on, without interruption, the activities of the Specialty Perimeter that were carried on by Solvay's Italian PE prior to the Effective Date.

3. Exchange ratio (Article 12:59, paragraph 2, 2° of the CCA)

- 3.1 As the present transaction constitutes a partial demerger whereby the assets and liabilities of the Specialty Perimeter, as described in Section 11, will be contributed to Syensqo without Solvay ceasing to exist, the existing Solvay shares will not be exchanged.
- 3.2 On the Effective Date, in consideration for the assets and liabilities comprising the Specialty Perimeter to be transferred to Syensqo, as described in Section 11, Syensqo will issue and allocate for each existing Solvay share (except for the Excluded Solvay Shares) one (1) Syensqo ordinary share, which will be delivered to the holder thereof in accordance with Section 5 below.
- 3.3 No Solvay shares held by Solvay itself, nor any Solvay shares held by Syensqo itself, nor any Solvay shares held by a person acting in its own name but on behalf of Solvay or Syensqo (together, the “Excluded Solvay Shares”) will receive Syensqo shares or other consideration on the Effective Date in accordance with Article 12:71, para. 2 of the CCA.

4. Cash consideration (Article 12:59, paragraph 2, 2° of the CCA)

No cash consideration will be paid to Solvay shareholders.

5. Terms of delivery of Syensqo’s ordinary shares (Article 12:59, paragraph 2, 3° of the CCA)

- 5.1 In accordance with the exchange ratio referred to in Section 3, the number of ordinary shares of Syensqo to be issued by Syensqo on the Effective Date will be equal to the number of Solvay shares existing on such date, less the number of Excluded Solvay Shares, if any.
- 5.2 It is specified that Syensqo will allocate and cause to be allocated the newly issued Syensqo shares to Solvay shareholders in the manner in which each Solvay share is held on the Effective Date, so that:
- (i) for each registered Solvay share, Syensqo will register one Syensqo ordinary share under the name of the Solvay shareholder holding such share in the Syensqo share register;
 - (ii) for each dematerialized Solvay share, Syensqo will instruct Euroclear to register one Syensqo ordinary share in the account of the Solvay shareholder in the books of the relevant financial institution.
- 5.3 The ordinary shares of Syensqo will begin trading on Euronext Brussels and Euronext Paris on the first trading day following the Effective Date, initially on an if-and-when-delivered basis, until settlement of the ordinary shares issued by Syensqo pursuant to the Partial Demerger Proposal. The ticker symbol and ISIN (International Securities Identification Number) of the Syensqo shares will be announced prior to the Effective Date.

6. **Date from which Syensqo shares entitle the holder to participate in profits (Article 12:59, paragraph 2, 4° of the CCA)**

The shares issued by Syensqo will carry the right to participate in profits from the Effective Date. This right will be subject to the provisions of the CCA and will not be subject to any special terms and conditions. In view of the accounting retroactivity of the Partial Demerger, in accordance with Section 7 below, for the financial year during which the Effective Date occurs, these shares will carry the right to receive the entire dividend for the period comprised between the Accounting Retroactive Effect Date and the end of that financial year, including for the period between the Accounting Retroactive Effect Date and the Effective Date.

7. **Date from which Solvay's operations are considered from an accounting point of view to be performed on behalf of Syensqo (Article 12:59, paragraph 2, 5° of the CCA)**

From an accounting perspective, the Partial Demerger will be recorded with retroactive effect to July 1, 2023 (the "Accounting Retroactive Effect Date"). Consequently, from an accounting perspective, (i) Syensqo will be deemed to have had the use of all the assets demerged as part of the Partial Demerger as of the Accounting Retroactive Effect Date; (ii) all transactions carried out by Solvay from the Accounting Retroactive Effect Date onwards relating to the assets and liabilities of Solvay comprising the Specialty Perimeter will be deemed to have been carried out on behalf of Syensqo and (iii) all profits and losses relating to such transactions over the period since the Accounting Retroactive Effect Date will be deemed to have been realized by Syensqo.

8. **Rights granted by Syensqo to Solvay shareholders with special rights, as well as to holders of securities other than shares, or measures proposed in their respect (Article 12:59, paragraph 2, 6° of the CCA)**

8.1 Solvay has no shareholders with special rights and has not issued any equity securities (or securities giving access to capital) other than shares.

8.2 Immediately following the completion of the Partial Demerger, all newly issued ordinary shares allotted by Syensqo to Solvay shareholders will each have the same rights. There will be one and only one class of Syensqo shares.

7. Contracts relating to employees

7.1. Contracts exclusively concerning all or some of the Transferred Employees (and/or, where applicable, employees of Specialty Perimeter Companies)

Solvay's rights and obligations under the following contracts will be transferred:

Agreement ID	Name of the counterparty	Signature date	Description
BCVR 1711700	Allianz	N/A	Individual pension commitment
BCVR 1711600	Allianz	N/A	Individual pension commitment

Any other contract exclusively concerning all or some of the Transferred Employees (and/or, where applicable, employees of Specialty Perimeter Companies) and not included in the above list, for example if entered into after the First Approval Date, will also be transferred.

7.2. Contracts concerning both Transferred Employees (and/or, where applicable, employees of Specialty Perimeter Companies) and employees of Solvay who are not Transferred Employees (and/or, where applicable, employees of direct or indirect subsidiaries of Solvay who are not Specialty Perimeter Companies)

Contracts concerning both Transferred Employees (and/or, where applicable, employees of Specialty Perimeter Companies) and employees of Solvay who are not Transferred Employees (and/or, where applicable, employees of direct or indirect subsidiaries of Solvay who are not Specialty Perimeter Companies) will be replaced, to the extent possible, by contracts entering into force at the latest on the Effective Date and concerning either Transferred Employees (and/or, as the case may be, employees of Specialty Perimeter Companies), or employees of Solvay who are not Transferred Employees (and/or, as the case may be, employees of direct or indirect subsidiaries of Solvay that are not Specialty Perimeter Companies). The (new) contracts thus concluded concerning only Transferred Employees (and/or, where applicable, employees of Specialty Perimeter Companies) will be transferred *ipso jure* in accordance with point 7.1.

In the absence of such (new) contract in force on the Effective Date, the rights and obligations under any contract concerning both Transferred Employees (and/or, as the case may be, employees of Specialty Perimeter Companies) and employees of Solvay who are not Transferred Employees (and/or, where applicable, employees of direct or indirect subsidiaries of Solvay that are not Specialty Perimeter Companies) will be transferred to the extent that such rights and obligations relate to Transferred Employees (and/or, where applicable, employees of Specialty Perimeter Companies). Thus, insofar as they relate to Transferred Employees (and/or, where applicable, employees of Specialty Perimeter Companies), Solvay's rights and obligations under the following contracts will be transferred to Syensqo:
