# Hydrogen Peroxide PROPOSITION 65 Statement

## CALIFORNIA SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT of 1986 (PROPOSITION 65) STATEMENT

California Proposition 65 legislation requires suppliers of goods to notify consumers and purchasers if any chemicals in their products may be at a concentration of concern with respect to human carcinogenicity or reproductive toxicity. To assist in their assessment, the California Environmental Protection Agency (CEPA) annually publishes a list of chemicals believed to cause cancer or reproductive toxicity.

Based on the CEPA list and available no significant risk levels (NSRL), Solvay Chemicals has reviewed and analyzed its hydrogen peroxide products and found no contaminants present at levels that would require notification under Proposition 65 legislation.

To our actual knowledge, the information contained herein is accurate as of the date of this document. However, neither Solvay Chemicals, Inc., nor any of its affiliates, makes any warranty, express or implied, or accepts any liability in connection with this information or its use. This information is for use by technically skilled persons at their own discretion and risk and does not relate to the use of this product in combination with any other substance or any other process. This is not a license under any patent or other proprietary right. The user alone must finally determine suitability of any information or material for any contemplated use in compliance with applicable law, the manner of use and whether any patents are infringed. This information gives typical properties only and is not to be used for specification purposes. Solvay Chemicals, Inc. reserves the right to make additions, deletions or modifications to the information at any time without prior notification.

Trademarks: Trademarks and/or other Solvay Chemicals, Inc. products referenced herein are either trademarks or registered trademarks of Solvay Chemicals, Inc. or its affiliates, unless otherwise indicated.

Before using, read the Safety Data Sheet (SDS) for the chemical.
