## Emergency Instructions for our Neighbours

This card is produced in accordance with the Control of Major Accident Hazards (COMAH) regulations. Its purpose is to advise you what to do in the unlikely event of a major incident occurring on our premises that could affect you and people near you.

Please ensure everyone in this property reads the instructions overleaf carefully and keep this card in an accessible place. Please pass this card on to any subsequent occupier.

In business or community premises, please display this card in a prominent place.

If you require further copies of this card, or any other information, please contact:

## Emergency Instructions for our Neighbours

### GO IN, STAY IN, TUNE IN

If you hear the two-tone warble warning siren (apart from the test at 10:00 am on the first Monday of each month):

1. Go immediately into a house or building.
2. Look out for and assist any elderly, deaf, blind or disabled neighbours.
3. Close all doors and windows and pull curtains or blinds across any windows facing our site.

4. Stay in a room furthest away from the industrial area and switch off any ventilation and air conditioning systems.
5. Whilst the emergency is in progress, do not leave your home. If you have children at school, which may or may not be in the affected area, please contact the school by telephone.

6. Tune in to the following radio stations, which will be used to broadcast information or instructions. BBC Radio Merseyside FM 95.8  
Radio City FM 96.7 - BBC Radio Manchester FM 95.1

7. Tune in and follow local media channels and local news sites for updates.
  - Instagram: cheshirepolice & warringtonboroughcouncil
  - Facebook: Cheshire Police & Warrington Borough Council
  - X (formerly Twitter): @cheshirepolice & @warringtonBC
  - www.warringtonguardian.co.uk & www.warrington-worldwide.co.uk.
8. Only use the telephone for essential needs until the emergency is over. This ensures lines are free for emergency services to use.

9. Please co-operate fully with any instructions given by the emergency services.
10. Remain indoors until you hear the all-clear signal, a single tone siren, or you receive instructions from the Police.

**For your safety, access to the surrounding area may be restricted during a major accident.**
