1. INTRODUCTION

This Corporate Governance Charter (hereinafter “**Charter**”) has been established by the Board of Directors of Solvay SA (hereinafter “**Solvay**” or the “**Company**”). It describes the main aspects of the Company’s governance structure. In particular, it allocates the powers between the Shareholders, the Board of Directors and the Executive Leadership Team to shape an efficiently functioning company with the aim to create sustainable-shared value for all its stakeholders. In view of these ambitions, Solvay considers that adherence to the highest standards of Corporate Governance is of utmost importance.

This Charter reflects a strong tradition of values that are historically ingrained in the culture of the Solvay group (hereafter the “**Group**”).

Pursuant to Article 3:6, §2, 1° of the Belgian Code of Companies and Associations (hereafter “the **BCCA**”) and as a Belgian listed company, Solvay applies the 2020 Belgian Corporate Governance Code (hereafter the “**2020 Code**”) as its reference code in governance matters, taking into account the specific international aspects of the Group. The 2020 Code is based on the “comply or explain” principle: the Company is expected to comply with its provisions, unless it provides an adequate explanation for deviating from any provisions. The 2020 Code is available on the website of the Belgian Corporate Governance Committee (www.corporategovernancecommittee.be/en).

This Charter aims at providing a comprehensive and transparent disclosure of Solvay’s governance. It must be read together with the Articles of Association, Dealing Code, Remuneration Policy and Code of Business Integrity of the Company. These documents are available on the Solvay website (<https://www.solvay.com/en/investors/corporate-governance>).

In addition, the annual report of Solvay includes a Corporate Governance Statement, which provides the information required under the BCCA and recommended under the 2020 Code. This Statement includes additional details on corporate governance matters, amongst others about directors and executive remuneration, an overview of relevant events that took place during the relevant accounting year and, as the case may be, any material amendments to this Charter.

This Charter is periodically reviewed and updated by the Board of Directors, as required or appropriate.

2. SOLVAY AMBITION AND VALUES

Its registered office is located in the Brussels Capital Region.

Solvay is essential chemistry, making progress possible for generations. Solvay is proud of being chemists and proud of its expertise in process and technology. accountable for everything it does.

3. SOLVAY'S LEGAL AND SHAREHOLDING STRUCTURE

3.1. Capital and Shares

3.1.1. Amount of the Capital and Number of Shares

As of 31 December, 2024, the share capital of Solvay amounted to two hundred and thirty-six million five hundred and eighty-three thousand four hundred and forty-seven euros and eighteen cents (EUR 236,583,447.18) represented by one hundred and five million eight hundred and seventy six thousand four hundred and sixteen ordinary shares (105,876,416 shares), without nominal value, entirely paid up. The current amount of the share capital of Solvay is set forth in the Articles of Association of the Company and published on the Solvay website.

3.1.2. Forms and Classes of Shares

Solvay shares are held in registered or dematerialized form:

- Dematerialized shares are represented by a book entry in the name of the shareholder with a recognized account holder or a clearing institution
- Registered shares are represented by an entry in the Company's share register

Shareholders may, at any time, request conversion of their shares into dematerialized shares (at the holder's cost) or into registered shares (without charge).

There is a single class of shares. Each share entitles its holder to one vote (without prejudice to the instances where voting rights are suspended under the BCCA or the Articles of Association).

3.1.3. Listing of the Shares

The Solvay shares are listed on Euronext Brussels and on Euronext Paris.

3.1.4. Changes in the Share Capital (including Authorized Capital) and Issuance of New Shares

The share capital of Solvay may be increased or reduced by decision of the Shareholders' Meeting.

New shares to be subscribed in cash are offered by preference to existing shareholders, regardless of the type of shares and whether or not fully paid up, in proportion to the existing shareholders' stake in the capital. The Shareholders' Meeting may, in accordance with Article 7:191 of the BCCA and in the interests of the Company, restrict or cancel the preferential subscription right of existing shareholders.

The Shareholders' Meeting may also authorize the Board of Directors to increase the capital. Such authorization must be limited in time and amount.

The decision by the Shareholders' Meeting to increase or reduce the capital or to grant the authorization for the Board of Directors to increase the capital must satisfy the quorum and majority requirements applicable to amendments to the Articles of Association, which are that a quorum of 50% of the capital must be present or represented and a majority of 75% of the votes must be expressed in favor of the increase or authorization at the meeting. If the quorum is not reached at a first meeting, a second meeting must be called at which the quorum requirement will not apply but the 75% majority requirement will still apply.

Solvay generally finances itself out of its profits, only a portion of which is distributed (see “[Dividend Policy](#)” below).

3.1.5. Acquisition and Disposals of Treasury Shares

The Board of Directors may be authorized by the shareholders’ meeting to acquire or dispose of the Company’s treasury shares, in accordance with Article 7:215 of the BCCA and Articles 8:2 and followings of the Royal Decree implementing the BCCA.

3.2. Significant Shareholders and Shareholding Structure

3.2.1. Reference Shareholder

As a shareholder holding more than 30% of the Company’s share capital, Solvac SA is the reference shareholder of Solvay (the “**Reference Shareholder**”).

Solvac SA is a public limited liability company (*société anonyme/naamloze vennootschap*) established under Belgian law, the shares of which are listed on Euronext Brussels. The percentage of capital owned by Solvac SA is published on Solvay’s website (<https://www.solvay.com/en/investors/share-information/major-shareholders>).

Considering Solvac SA’s stated strategic investment objective and its engagement track-record with the Company since its initial investment in the Company in 1983, a relationship agreement with Solvac SA has not been considered necessary.

Solvac SA shares, all of which are registered, are traded on Euronext Brussels may be freely held by individuals and agreed legal persons.

3.2.2. Shareholding Structure

The current shareholders’ structure and the declarations of transparency are published on Solvay’s website (<https://www.solvay.com/en/investors/share-information/major-shareholders>) based on the notifications made to the Company and to the Belgian Financial Services and Markets Authority (“**FSMA**”) by the shareholders, in accordance with legal provisions.

In addition to the thresholds provided by law (*i.e.*, 5% and multiples of 5%), Solvay’s Articles of Association require any shareholder to declare, within legal time limits, to the Company and to the FSMA, the number of voting rights and equivalent financial instruments, alone or acting in concert as defined by law, exceed the thresholds of 3% or 7.5% of the total existing voting rights.

A similar notification must be done when, following a transfer, the voting rights that a shareholder holds, alone or acting in concert as defined by law, drop below one of the legal thresholds or the specific additional thresholds cited above.

3.2.3. Shareholders’ Arrangements

To the Company’s knowledge, there are no binding agreements among its shareholders relating to the Company which may result in restrictions on the transferability of the Company’s shares or the exercise of voting rights. However, the Company is informed that certain individual shareholders who hold shares directly in Solvay may decide to consult together when questions of particular strategic importance are submitted by the Board of Directors to the Shareholders’ Meeting. To the Company’s knowledge, each of these shareholders remains free to vote as he or she chooses and none of these

persons, either individually or acting in concert with others, reaches the initial 3% transparency notification threshold (as Solvay has not been notified of any such holding).

3.2.4. Relations with Shareholders

Committed to maintaining relationships of trust with shareholders and the financial community, Solvay aims to provide comprehensive and transparent information regarding the Group's vision and strategic ambition, most relevant developments and financial fundamentals and performance.

The Company has an Investors Relations Team fully dedicated to organizing activities and providing services and information to shareholders, including institutional investors.

Solvay also has dedicated pages on its website for investors (www.solvay.com/en/investors). These pages provide various investors groups, credit analysts and other stakeholders with the latest published financial and strategic information concerning the Group. It provides useful contacts with analysts who closely track the Group. It further offers the opportunity to be added to the mailing lists, and then receive the press releases issued by the company on a lot of various topics that include earnings, general meetings of shareholders, publication of the integrated annual report, etc.

The Group also organizes investor conferences and events as well as presentations, visits and roadshows and a Capital Markets Day for investors and analysts.

In addition, to maintain a close relationship with its individual shareholders in particular, the Group has had in place a Shareholders Service for many years which responds to all queries and requests for information from the shareholders (subject to applicable law and in particular closed periods).

4. DIVIDEND POLICY

The policy of the Company is to propose a stable or increasing dividend to the shareholders, and as far as possible, not to reduce it.

The annual dividend is paid in two installments: in the form of an interim dividend after the close of the financial year to which the advance relates and a final payment of the remaining balance after approval by the Shareholders' Meeting, in each case subject to the applicable BCCA provisions relating to distributable profits.

The method to set the advance payment is determined by the Board of Directors partly by reference to 40% (rounded) of the previous year's total dividend and takes into account the results for the first nine months of the current year to which the interim dividends relate.

As to the balance, once the annual accounts have been completed, the Board of Directors proposes a dividend, in accordance with the policy described above, which it submits to the Shareholders' Meeting for approval.

The second dividend installment, i.e. the balance after deducting the advance payment, is payable following the Shareholders' Meeting.

5. SHAREHOLDERS' MEETINGS

These include among others shareholders' meetings asked to vote on proposed amendments to the Articles of Association, any increase or reduction of the Company's share capital, any decision to liquidate the Company or any merger or demerger of the Company, or any proposed authorizations to the Board of Directors to increase the share capital (authorized capital) or repurchase the Company's own shares.

The Board of Directors shall call an Extraordinary Shareholders' Meeting, under the conditions set out in the BCCA, upon the request of shareholders holding together at least 10% of the Company's share capital, in which case the relevant shareholders requesting the meeting shall indicate the items and proposed resolutions to be included on the agenda of the meeting in their request.

5.4. Convening

The General Meeting of Shareholders, ordinary or extraordinary, is convened by the Board of Directors or the External Auditor, in accordance with the BCCA.

The notice convening Shareholders' Meetings includes the agenda, supporting documentation and a proposal of resolutions on each item to be voted on. It also sets forth the place, date and time of the meeting and the procedure for taking part in the meeting or for appointing proxy holders as well as any other mentions required by the BCCA.

Convening notices are sent to registered shareholders via their personal email address and, in the absence of an email address communicated to the Company, via ordinary post, at least thirty days prior to the meeting.

Holders of dematerialized shares are notified of meetings by announcements in the official Belgian State Gazette (Moniteur Belge / Belgisch Staatsblad), in the Belgian national newspapers (in French in "l'Echo" and in Dutch in "De Tijd") and on Solvay's website (<http://www.solvay.com/en/investors/shareholders-meeting/index.html>), at least thirty days prior to the meeting. If a second notice is required, the deadline may be reduced to at least seventeen days before the meeting.

One or more shareholders holding together at least 3% of the Company's share capital may, under the conditions set out in the BCCA, request for items to be included on the agenda of any already convened Shareholders' Meeting and submit proposals for decisions concerning the items to be included or already included on the agenda of an already convened meeting.

5.5. Participation

The Company encourages the shareholders to participate in Shareholders' Meetings. In order to facilitate shareholder's participation, this Section provides an overview of the most important procedures and rules that apply to a shareholder's participation in Shareholders' Meetings.

The Board of Directors may decide to allow shareholders to participate remotely to a Shareholders' Meeting through electronic means of communication made available by the Company, in accordance with Article 7:137 of the BCCA.

5.5.1. Record Date

In order to be allowed to participate in a Shareholders' Meeting, shareholders must have Solvay shares recorded in their name by midnight (CET) on the 14th calendar day prior to the relevant Shareholders' Meeting (the "**Record Date**"):

- For registered shares, this takes place automatically by virtue of their registration in the share register of the Company on the Record Date
- Dematerialized shares must be registered in the name of the participating shareholder on the Record Date through a book entry in the accounts of a recognized account holder or a clearing organization

Shareholders are admitted to the Shareholders' Meetings and may exercise their voting rights with the shares that are recorded in their name on the Record Date, regardless of the number of shares they hold on the date of the relevant Shareholders' Meeting.

5.5.2. Confirmation of Participation

Shareholders must also indicate to the Company, or the person appointed for this purpose, their intent to take part in the Shareholders' Meeting, no later than the sixth calendar day preceding the date of the relevant Shareholders' Meeting:

- Holders of registered shares shall send to the Company the signed original notice of participation, using the form attached to the convening notice
- Holders of dematerialized shares shall send the Company a certificate from the recognized account holder or the clearing organization certifying the number of shares that are registered in their name in their accounts at the Record Date and for which they wish to participate in the Shareholders' Meeting

More detailed information on arrangements for taking part in the Shareholders' Meeting are made available in the convening notice which is available on the Company's website (<http://www.solvay.com/en/investors/shareholders-meeting/index.html>).

5.5.3. Votes and Proxies

Shareholders vote at Shareholders' Meetings in person or by proxy. Each share entitles its owner to one vote. The form of proxy is determined by the Board of Directors and is available on the Company's website once the relevant Shareholders' Meeting has been convened. Proxies must be received at the location indicated or, where applicable, at the e-mail address mentioned in the convening notice no later than the sixth calendar day preceding the date of the relevant Shareholders' Meeting.

Joint owners, usufructuaries and bare owners, creditors and pledgees must each be represented by one and the same person.

The exercise of voting rights attached to partially paid-up shares on which payments have not been made shall be suspended for as long as such payments, duly called and due, have not been made.

The appointed proxy holder does not have to be a shareholder of the Company. A single proxy holder may represent several shareholders.

Insofar as provided for in the notice of meeting, shareholders may vote remotely before the General Meeting, by correspondence or by any other electronic means, using a form made available by the Company, in accordance with the procedures provided for in the notice of meeting and in Article 7:146 of the BCCA.

An attendance list is kept at each General Meeting.

5.5.4. Questions

Each shareholder who complies with the formalities for admission to the Shareholders' Meeting is entitled to ask questions concerning the items on the agenda. These questions can be submitted by mail to the registered office of the Company or electronically to the email address specified in the convening notice, no later than the sixth calendar day before the date of the relevant Shareholders' Meeting.

5.6. Procedure

The Shareholders' Meeting is chaired by the Chairperson of the Board of Directors or, in case of impediment of the Chairperson, by the Vice-Chairperson (if applicable) or, if both have an impediment, by another director designated to do so by the Board of Directors.

The Chairperson appoints the secretary of the meeting, who is the Corporate Secretary or the Deputy Corporate Secretary, and will appoint two scrutineers (who should be shareholders of the Company). The Chairperson, the secretary, the scrutineers and the Directors present at the Shareholders' Meeting together constitute the Bureau of the meeting.

Except as otherwise provided in the BCCA or in the Company's Articles of Association, resolutions in Shareholders' Meetings are adopted without quorum requirement by a simple majority of votes cast by shareholders present and represented on a "one share, one vote" basis. In the case of Extraordinary Shareholders' Meetings, the Company complies with the legal rules governing quorums of presence and qualified majorities.

Voting at the Shareholders' Meeting is done by means of an electronic voting device or by any other means ensuring the secrecy and integrity of the vote, unless the Shareholders decide otherwise with a majority of the votes cast.

The minutes of the Shareholders' Meeting are drawn up and signed by the members of the Bureau and those shareholders who wish to do so. They are published on the Company's website (www.solvay.com) no later than the 15th calendar day after the date of the relevant Shareholders' Meeting.

6. BOARD OF DIRECTORS

6.1. Composition and appointment

6.1.1. Composition

In accordance with the Articles of Association of the Company, Solvay is managed by a Board of Directors composed of no less than five members (including the CEO). The composition of the Board of Directors reflects the need for contribution of experience and knowledge from different fields, in a manner that ensures efficient decision-making. The Board of Directors is a collegial body. The Directors may only be natural persons.

The Board of Directors elects a Chairperson from among its members, who cannot be the CEO in accordance with the 2020 Code. It may also elect from among its members a Vice-Chairperson who may or may not be an independent director. The Vice-Chairperson shall be a non-independent director if the Chairperson is independent and vice versa.

The Board of Directors appoints a Corporate Secretary, in charge of assisting it, whose responsibilities it determines. The Board of Directors shall ensure that the Corporate Secretary has the necessary skills and knowledge of corporate governance matters.

6.1.2. Criteria for Appointment

The Board of Directors applies among others the following criteria when proposing candidates for election to directorship by the Shareholders' Meeting.

- Ensuring that a substantial majority of directors are non-executive
- Ensuring that a substantial majority (and in any event at least three as prescribed by the BCCA) of non-executive directors are independent
- Ensuring that no single Director or group of Directors may dominate decision-making
- Ensuring that the composition of the Board of Directors reflects the shareholder structure, the wide range of competences, and experience required by the Group's business model and activities. The composition of the Board of Directors is based on diversity, so as to gather sufficient expertise in the Company's areas of activity as well as sufficient diversity in particular in terms of skills, background, age, national diversity and gender, in compliance with the applicable rules
- Ensuring that the Board of Directors' international composition appropriately reflects the geographic extent of the Group's activities
- Ensuring that the candidates it presents commit to devoting sufficient time to the duties entrusted to them. Candidates should be fully available to carry out their functions.

Changes to their other relevant commitments and their new commitments outside the Company must be reported to the Chairperson of the Board of Directors and the Corporate Secretary as they arise

- Ensuring that candidates are neither holding an executive position in a competing company nor have a present or past involvement in the external audit of the Group

The age limit for membership on the Board of Directors is the Ordinary Shareholders' Meeting following the member's 75th birthday.

The Chairperson of the Board, working together with the Chairperson of the Nomination Committee, gathers the information allowing the Board of Directors to verify that the selected criteria are met at the time of appointment, renewal and during the term of office.

At the end of each Director's term, the Nomination Committee shall evaluate the Director in accordance with Section [6.5. Evaluation](#) below.

The Reference Shareholder proposes the appointment of certain Directors in light of the appointment criteria set out above. At the date hereof and considering the level of its stake in the share capital of the Company, three directors are appointed by the Shareholders' Meeting upon Reference Shareholder's proposal.

The Directors should also confirm that, in carrying out their duties, they will fulfill their fiduciary duties of care, loyalty, good faith, integrity and probity, and act in the best interests of the Company, its shareholders and all other stakeholders. All Directors should be committed to the long-term interests of the Company, engage actively in their duties and make their own independent judgment when discharging their responsibilities. Acting with independence of mind includes the ability to develop a personal conviction and having the courage to act accordingly by assessing and challenging the views of other Board members, by interrogating the executives when appropriate in the light of the issues and risks involved, and by being able to resist group pressure.

6.1.3. Criteria for qualifying as independent directors

Article 7:87 of the BCCA provides a general definition of an "Independent Director" and refers to the 2020 Code for the detailed independence criteria to be taken into consideration.

Independent Directors must therefore not have a relationship with the Company or with a material shareholder of the Company that could jeopardize his or her independence, and, more in particular, meet the following cumulative criteria:

1. Not be an executive, or exercising a function as a person entrusted with the daily management of the Company or a related company or person, and not have been in such a position for the previous three years before their appointment. No longer enjoying stock options of the Company related to this position
2. Not have served for a total term of more than twelve years as a non-executive Board member
3. Not be an employee of the senior management of the Company or a related company or person, and not have been in such a position for the previous three years before their appointment and no longer enjoying stock options of the Company related to this position
4. Not be receiving, or having received during their mandate or for a period of three years prior to their appointment, any significant remuneration or any other significant

advantage of a patrimonial nature from the Company or a related company or person, apart from any fee they receive or have received as a non-executive Board member

5. Not hold shares, either directly or indirectly, either alone or acting in concert, representing globally one-tenth or more of the Company's capital or one-tenth or more of the voting rights in the Company at the moment of appointment and not having been nominated, in any circumstances, by a shareholder fulfilling such conditions
6. Not maintain, nor have maintained in the past year before their appointment, a significant business relationship with the Company or a related company or person, either directly or as partner, shareholder, Board member, member of the senior management of a company or person who maintains such a relationship
7. Not be or have been within the last three years before their appointment, a partner or member of the audit team of the Company or person who is, or has been within the last three years before their appointment, the statutory auditor of the Company or a related company or person
8. Not be an executive of another company in which an executive of the Company is a non-executive Board member, and not have other significant links with executive Board members of the Company through involvement in other companies or bodies
9. Not have, in the Company or a related company or person, a spouse, legal partner or close family member to the second degree, exercising a function as Board member or executive or person entrusted with the daily management or employee of the senior management, or falling in one of the other cases referred to in the above points 1 to 8, and as far as point 2 is concerned, up to three years after the date on which the relevant relative has terminated their last term

In addition to these criteria which create a rebuttable presumption of independence under Article 7:87 of the BCCA, the Company also requires a waiting period of at least one year before it can recognize the independence of a non-executive director of Solvac who would leave the Board of Directors of Solvac to join the Board of Directors of Solvay.

In accordance with Article 7:87 of the BCCA, should the Board of Directors present a candidate for appointment as Independent Director who does not meet all the criteria set out above, the Board of Directors will explain why it considers that such person is independent.

6.1.4. Procedure

The Directors are appointed by the Shareholders' Meeting, following a proposal by the Board of Directors and upon recommendation of the Nomination Committee. The Nomination Committee leads the nomination process, including, if appropriate, with the assistance of a headhunting firm, for any proposed appointment or renewal of a Director. It recommends suitable candidates to the Board of Directors on the basis of a profile taking into account the criteria for appointment set forth in [Section 6.1.2. Criteria for appointment](#). The Board of Directors then makes appointment or renewal proposals to the Shareholders' Meeting.

Directors are appointed by the Shareholders' Meeting for a renewable term of four years, unless the Shareholders' Meeting sets a shorter term for an individual Director. To the extent possible, terms of office should be staggered so as to avoid replacement of the entire body and to favour a smooth replacement of Directors. The Shareholders' Meeting can dismiss any Director at any time.

The Chairperson and the Chairperson of the Nomination Committee ensure that the Board of Directors, when resolving on a proposal to appoint or renew a Director, disposes of sufficient information on the candidate for Director, such as the candidate's curriculum vitae, an assessment of the candidate based on the candidate's interview(s), a list of the positions currently held by the candidate, and, if applicable, the necessary information about the candidate's independence according to the criteria described in Section [6.1.3. Criteria for qualifying as independent directors](#).

The same process shall be applied to spontaneous candidacies for a position of Director. Written notice of spontaneous candidacies must be received by the Company at least 40 days before the Shareholders' Meeting.

The Shareholders' Meeting decides on candidate proposals made by the Board of Directors by a simple majority.

If a directorship becomes vacant during the term of office, the Board of Directors may co-opt a new Director, after having sought the prior advice of the Nomination Committee, subject to ratification by the next following Shareholders' Meeting. A Director appointed to replace a Director who left office before the end of his or her term of office shall complete that term, unless the Shareholders' Meeting decides otherwise.

The Board of Directors shall ensure that there is an adequate succession planning in place.

6.1.5. Chairperson and Vice-Chairperson

The Chairperson is responsible for the proper and efficient functioning of the Board and carries out the tasks set out in the law and the Articles of Association of the Company or any specific tasks delegated by the Board of Directors to him/her or requested from the CEO. In particular, the Chairperson has the following powers:

- convenes and chairs Board of Directors' meetings, it being specified that, in case of impediment, the Vice-Chairperson (if applicable) or, in case of impediment of both, the CEO may convene Board of Directors' meetings. The Board shall be convened each time that the ELT, the CEO or two Directors shall so request
- engenders a climate of trust, allowing for open discussions and constructive challenge during Board of Directors' meetings and ensures that there is sufficient time for consideration and discussion before decision-making
- sets the agenda for the Board meetings with, after consulting with the Vice-Chairperson, the CEO (as Chairperson of the ELT) and the Corporate Secretary, and ensures the proper implementation of the procedures related to preparation, deliberation, approval and implementation of resolutions
- ensures, with the assistance of the Corporate Secretary, that the Directors receive accurate, concise, timely and clear information before the meetings and, where necessary, between meetings so that they can make a knowledgeable and informed contribution to the discussions with full knowledge of the facts

- ensures effective interaction between the Board of Directors and the executive management of the Company

- ensures effective communication with the Company's shareholders and that Directors develop and maintain an understanding of the views of the shareholders and other significant stakeholders of the Company

The Vice-Chairperson is consulted by the Chairperson whenever this is deemed necessary. In particular, the Vice-Chairperson has the following duties:

- chairs the Board meetings in the absence of the Chairperson
- chairs discussions and decisions-making by the Board on matters where the Chairperson has a conflict of interest
- assists the Chairperson with setting out the agenda for the Board meetings
- attends meetings organised by the Chairperson and CEO, if required by the Chairperson
- assists the Chairperson in any other matters determined by the Chairperson

6.1.6. Corporate Secretary

The Corporate Secretary, who may be the Group General Counsel, under the supervision of the Chairperson:

- organizes the support to the Board of Directors and its Committees in all fields pertaining to governance
- prepares, under the supervision of the Chairperson and without prejudice to the Board of Directors' decision-making power, the Corporate Governance Charter and the Corporate Governance Statement
- organizes the meetings of the Board of Directors, sends the convening notices, agendas and files containing, for each agenda item, the information required for decision-making. To the extent possible, ensures that Directors receive convening notices and complete files at least six days before the meeting
- prepares the minutes of the Board meetings, ensuring that the essential parts of the discussions and decisions occurring during the Board of Directors' meetings appear correctly in the minutes and submits drafts first to the Chairperson and then to all the Directors
- ensures effective communication of the information within the Board and its Committees as well as between the executive directors and the non-executive Directors
- facilitates the initial training and helps professional development

Individual Directors will have access to the Corporate Secretary.

6.2. Role

The Company has adopted a "one-tier" governance structure under the BCCA, which it considers the most appropriate for the Group to operate effectively. This means that the Company is administered by a Board of Directors and managed by an executive committee named Executive Leadership Team, whose respective functions and responsibilities are clearly defined in this Charter and in accordance with applicable rules and Articles of Association of the Company.

In a “one-tier” governance structure, the Board of Directors is the ultimate decision making body of the Company. The Board is vested with all the powers that are not reserved, by law or by the Articles of Association of the Company, to the Shareholders’ Meeting.

This Charter sets out the different mandates of the Board and its Committees including in terms of their roles in addressing impacts, risks and opportunities in our sustainable development and environmental, social and governance topics.

In this context, the main powers of the Board of Directors are as follows and to this end, it also receives all the information required in relation to each of them:

1. Setting out and regularly reviewing Solvay’s general strategy, as recommended by the CEO and the Executive Leadership Team and to oversee the Company’s principal objectives, taking into account the sustainable development model and objectives adopted by Solvay
2. Monitoring (a) the Executive Leadership Team’s performance and the realization of the Company’s medium and long-term strategic objectives against agreed performance measures and targets and (b) the effectiveness of the Board’s Committees
3. Developing an inclusive approach that balances the legitimate interests and expectations of shareholders and all other stakeholders to effectively pursue sustainable value creation by the Company. In that context, the Board of Directors will ensure that the Company’s culture is supportive of the realization of its strategy and that it promotes responsible and ethical behavior
4. Adopting and regularly reviewing the budget and medium and long-term strategy of the Company, based on proposals from the Executive Leadership Team, including in relation to investments, Research & Innovation (R&I) and financial objectives
5. Determining the Company’s risk appetite in order to achieve the Company’s strategic objectives, as well as approving the reference frameworks for the Company’s internal control and for risk management and reviewing the implementation of those reference frameworks
6. Ensuring the oversight of the Company’s activities and performance (including in the area of sustainability) and its compliance with laws and regulations and to monitor the internal control and risk management function in collaboration with the Audit and Risk Committee
7. Approving the Company’s principal codes of conduct (or several activity-specific codes of conduct), setting out the expectations for the Company’s leadership and employees in terms of responsible and ethical behavior, as well as monitoring compliance with such code of conduct at least on an annual basis
8. Taking all major decisions concerning acquisitions, divestitures, the creation of joint ventures and investments. Major decisions are generally considered to be those involving amounts of EUR 50,000,000 or more
9. Preparing, approving and ensuring timely disclosure of the financial statements of Solvay Group and Solvay, its performance and other material financial and non-financial information, including but not limited to information on sustainability and relevant environmental and social indicators, in accordance with applicable law. The Board of Directors also prepares and approves the other consolidated and non-consolidated

periodic accounts (quarterly – consolidated only – semi-annual) and ensures timely disclosure

10. Adopting accounting standards (in this case the IFRS standards for the consolidated accounts and Belgian standards for the non-consolidated accounts)
11. Convening Shareholders' Meetings and drawing up the agenda and proposals for resolutions to be submitted to them (and preparing Board reports to be submitted to the Shareholders' Meeting pursuant to the BCCA)
12. Appointing from among its members a Chairperson and, if it deems it appropriate, a Vice-Chairperson, and creating from among its members an Audit and Risk Committee, a Remuneration Committee, a Nomination Committee, a Finance Committee and an Environmental, Social and Governance (ESG) Committee, defining each Committee's mission and determining its composition and its duration
13. Appointing and dismissing the CEO and, in consultation with the CEO, the other members of the Executive Leadership Team, taking into account the objective of pursuing sustainable value creation and the need for a balanced executive team. The CEO is entitled to propose to the Board of Directors candidates for the other members of the Executive Leadership Team. The Board of Directors shall also satisfy itself that there is a succession plan in place for the CEO and the other members of the Executive Leadership Team, and it shall periodically review that plan
14. Supporting the executive management in the fulfillment of their duties, including by engaging with the executive management, being informed and educated on strategic Company matters and constructively challenging the executive management whenever appropriate
15. Determining the Company's remuneration policy for non-executive Directors and executives, taking into account the overall remuneration framework of the Company, as well as reviewing the executive management's performance and the realization of the Company's strategic objectives annually against agreed performance measures and targets

The Board of Directors has delegated certain powers to an *ad hoc* executive committee called the Executive Leadership Team ("ELT") (see [Chapter 8](#) below). For the avoidance of doubt, the ELT is not a management board (*Conseil de Direction / Directieraad*) as defined by the BCCA. As a result, the Board is also responsible for supervising the ELT and appointing the CEO as Chairperson and the other members of the ELT (in consultation with the CEO with the latter's right to propose candidates) and setting their missions and remuneration (within the framework of the remuneration policy approved by the Shareholders' Meeting). These powers also apply with respect to the Corporate Secretary (if he/she is not already an ELT member).

In all matters for which it has exclusive responsibility, the Board of Directors works in close cooperation with the ELT, which in particular is responsible for preparing most of the proposals for decisions by the Board of Directors. The Directors shall be available to give advice to the ELT, also outside of scheduled meetings.

6.3. Functioning

6.3.1. Frequency

The Board of Directors meets at least six times a year on a regular basis and any time the interest of the Company requires it. Meetings are convened by the Chairperson, the Vice-Chairperson or at the request of two Directors. The Board of Directors may organize its meetings by telephone or video-conference or other analogous means of communication.

The dates of ordinary meetings are set by the Board of Directors itself, preferably more than one year before the start of the relevant financial year. These dates may be modified during the year.

Non-executive Directors meet at least once a year in the absence of the CEO and the other executive Directors.

6.3.2. Convening

Under the supervision of the Chairperson of the Board of Directors, the Corporate Secretary sends convening notices to the meetings of the Board, the agenda and the file containing, for each agenda item, the required information for decision-making, as instructed by the Chairperson. The Directors may in addition request further information from, as appropriate, the Chairperson of the Board of Directors, the Chairperson of the ELT or the Corporate Secretary.

The convening notices are sent by email and the information files are made available to the Directors on the Board's electronic platform and/or the most appropriate methods with regard to the volume of documents to be communicated.

Board of Directors' meetings are with at least five days' advance notice, except in case of an emergency, an explanation of which must be included in the minutes of the relevant meeting.

The convening notice mentions time and place of the meeting, as well as its agenda.

At the initiative of the Chairperson of the Board of Directors or of the ELT, the resolutions of the Board of Directors may be approved by unanimous written consent of the Directors. In such a case, the Corporate Secretary will send to all Directors the draft resolutions for approval. These resolutions will be deemed to have been taken at the headquarters of the Company. They have the same legal value as resolutions taken during a meeting of the Board of Directors where Directors are present in person.

6.3.3. Attendance and Representation

The Board of Directors may invite to its meetings any person whose presence would be deemed useful.

Directors who cannot attend a Board meeting may give a proxy, by email, to one of their fellow Directors to represent them at a specific meeting and vote on their behalf. In such a case, the Director will be considered present at the meeting. A Director can represent multiple colleagues and can, beyond the Director's own vote, cast as many votes as the Director received through mandates.

A Director who cannot attend a meeting in person may participate by telephone, videoconference or any other analogous means of communication. The Director will be considered present at the meeting and a vote expressed orally through this means of telecommunication will be considered valid.

The Directors have the power to raise any question considered appropriate relating to the Company and its activities.

6.3.4. Quorum and Majority

The Board may only validly deliberate if half of the Directors are present or represented. This quorum must be reached for each agenda item, taking into account only the Directors able to vote and therefore disregarding the Directors who are not able to participate due to a conflict of interests as defined under Article 7:96 of the BCCA. Should this quorum not be met for one or more agenda items, the Board of Directors shall nevertheless, at a second meeting to be convened within two weeks of the prior meeting at the latest, validly resolve on these agenda items, whatever the number of Directors present or represented at the second meeting.

Decisions are taken by a simple majority of votes, except for the decisions set out in Article 21 of the Articles of Association of the Company which require a majority of three-quarters (rounded up to the nearest unit) of the votes of the Directors present or represented. In case of a tie vote, the person chairing the meeting shall have a casting vote. Once a decision is taken, all Directors should be supportive of their execution.

6.3.5. Conflicts of Interests

The Board of Directors shall act in such a manner that a conflict of interests, or the appearance of such a conflict, is avoided.

Each Director is encouraged to arrange their personal and business affairs (including with respect to other positions) in such a manner so as to avoid conflicts of interests with the Company. Each Director must place the Company's interests above his or her own personal interests, including other professional assignments. Directors have the obligation to take care of the interests of all the shareholders in an equivalent manner. Each Director must act according to the principles of reasonableness and fairness. Each Director informs the Board of Directors of all conflicts of interests which might, in their opinion, affect their judgment. In particular, at the beginning of each meeting of the Board of Directors or a Committee, the Directors state whether they have a conflict of interests regarding any points included in the agenda.

Directors must pay particular attention to conflicts of interests which might come up between them and the Company, its significant or controlling shareholder(s), and/or the other shareholders.

In this respect, the Directors appointed upon proposal of a significant shareholder(s) should ensure that the interests and intentions of such shareholders are sufficiently clear and they should communicate to the Board of Directors, subject to applicable laws, such intentions and interests in a timely manner.

Without prejudice to Article 7:96 of the BCCA, the Board of Directors, under the direction of the Chairperson, determines the applicable procedure in order to uphold and protect the Company's and all of the shareholders' interests despite the conflict of interest. The Board of Directors explains in its following annual report why it chooses such a procedure. Nonetheless, in case of a material conflict of interests, the Board of Directors determines whether it is necessary to communicate as soon as possible on the applicable procedure, the most important considerations and the conclusions.

Any Director finding a conflict of interest of a patrimonial nature related to any decision or transaction pertaining to the Board of Directors, as defined in Article 7:96 of the BCCA is required to communicate his or her conflict to the other directors before deliberation. The Director may not take part in the deliberation or in the vote relating to such decision or transaction. If all Directors are conflicted, the decision is referred to the Shareholders' Meeting.

The Director's declaration as well as the reasons explaining the conflicting interest must appear in the minutes of the Board of Directors. The external auditor receives a copy of the minutes of the meeting on this item.

The excerpts of the minutes related to the declaration of a conflict of interests, to the deliberations and resolutions on the items giving rise to the conflict of interests are fully disclosed in the annual report for the relevant accounting year.

In case a related party transaction within the meaning of Article 7:97 of the BCCA is identified (i.e., with a related party in the sense of IAS24, subject to the exceptions set forth in the BCCA), the relevant transaction will be disclosed at the latest when the transaction is entered into.

6.3.6. Minutes

The minutes of the Board of Directors' meetings are prepared by the Corporate Secretary, who submits drafts first to the Chairperson and then to all members. The minutes summarize the discussions, specify the decisions taken and note any diverging views expressed by Directors. The names of the interveners should only be recorded if specifically requested by them.

Finalized minutes that have been approved at the following Board meeting are signed by the Chairperson of the Board of Directors or by the Vice-Chairperson (if applicable in case of impediment of the Chairperson of the Board of Directors) and by the Directors who wish to do so.

The certified copies are signed by one or more Directors trusted with representation powers. The extracts are signed either by the Chairperson of the Board of Directors, by the Chairperson of the ELT or by two Directors acting together.

The minutes are drafted in the language of the meeting and/or, if required, in one or more of the Belgian's official languages. In case of discrepancies, the version of the language of the meeting should prevail.

Excerpts of the minutes for disclosure are signed by either the Chairperson, two directors or the General Counsel or Corporate Secretary.

6.3.7. External advice

Directors who would ask so have access to independent professional advice, financed by the Company, for all topics pertaining to the competence of the Board of Directors, subject to a decision of the Chairperson.

6.3.8. Confidentiality

Directors are subject to a strict legal duty of confidentiality obligation with respect to the matters discussed during board meetings (the same applies to the matters discussed during board committees).

Directors cannot use the information obtained in their capacity as Director for purposes other than for the exercise of their mandate. They have an obligation to handle the confidential information received in their capacity as Director with utmost care.

As a result, the facts and documents disclosed in connection with the meeting, the contents of the discussions and the resolutions are strictly confidential and may not be disclosed to anyone externally or used for purposes other than for the exercise of their mandate.

6.4. Training

Information sessions are organized for new Directors, aimed at acquainting them with the Group as quickly as possible. The program includes a review of the Group's strategy and activities and of the main challenges in terms of growth, competitiveness and innovation, as well as finance, research & development, human resources management, legal context, corporate governance, compliance and the general organization of operations.

These information sessions are open to every Director who wishes to participate. Furthermore, visiting industrial or research sites at least once a year is also part of the Board program.

6.5. Evaluation

With a view to improve its own effectiveness, the Board of Directors, under the direction of the Chairperson of the Board of Directors and the Chairperson of the Nomination Committee, evaluates on a regular basis (preferably every year) its composition, its functioning, its information and interactions with the executive management and the composition and functioning of the Committees created by it.

The members of the Board of Directors are invited to express their opinions on those various points.

In addition, every three years, the evaluation is led by an external consultant.

The Chairperson of the Board of Directors and the Chairperson of the Nomination Committee, together with an external consultant where applicable, analyze the outcome of the evaluation and submit conclusions and recommendations to the Board of Directors. The Board of Directors decides on possible improvements to be made at the end of this evaluation process.

In the framework of its own evaluation, the Board of Directors also evaluates the Audit and Risk, the Finance, the Remuneration, the Nomination and the ESG Committees and their composition and functioning. The recommendations of the Board of Directors on possible improvements are implemented by each Committee.

At the end of each Director's term, the Nomination Committee shall evaluate this Director's participation and presence at the Board's or Committee meetings and their commitment and constructive involvement in discussions and decision-making in accordance with an established and transparent procedure. The Nomination Committee shall in that context also assess whether the contribution of each Director is adapted to changing circumstances facing the Company from time to time. The Board of Directors will, based on the results of the performance evaluation by the Nomination Committee, where appropriate, propose new Directors for appointment, propose not to renew existing Directors or take any measure deemed appropriate for the effective operation of the Board of Directors.

The Board of Directors regularly re-examines its internal procedures (at least every three years).

7. BOARD COMMITTEES

7.1. General principles

To enhance the overall effectiveness of the Board of Directors by ensuring focus, oversight and monitoring of sensitive areas, the Board of Directors has set up on a permanent basis the following specialized Committees:

- The Audit and Risk Committee

- The Finance Committee
- The Remuneration Committee
- The Nomination Committee
- The Environmental, Social and Governance (ESG) Committee

These Committees do not have decision-making powers. They are advisory in nature and report after each meeting to the Board of Directors at the next Board of Directors meeting. Within their respective areas of responsibility, the Committees make recommendations to the Board of Directors, give comfort to the Board of Directors that certain issues have been adequately addressed and, if necessary, bring specific issues to the attention of the Board of Directors. Except where otherwise provided by law or upon specific delegation by the Board of Directors, the decision-making shall remain the collegial responsibility of the Board of Directors.

The various Committee Members are appointed for four-year renewable terms by the Board of Directors, upon prior advice of the Nomination Committee. The Board may revoke Committee members at all times. The composition of these Committees are published and maintained up-to-date on the Company's website.

The Board of Directors aims at appointing a majority of independent members to all its Committees, unless it deems it appropriate to proceed differently from time to time. The Board of Directors may also appoint on each Committee one of the directors appointed upon proposal of the Reference Shareholder, subject to such director having the appropriate skills and experience to serve in the relevant committee.

The Board of Directors may also set up temporary *ad hoc* Committees with no decision-making powers.

Where needed, each Committee has access to independent professional advice, financed by the Company, for all topics pertaining to the competence of such Committee.

The Committees may validly deliberate if at least one-half of their Members are present. Recommendations are adopted by a simple majority of votes. In case of a tie vote, the Chairperson of the Committee has a casting vote.

The minutes of the Committee meetings are prepared by the Secretary who submits drafts first to the Chairperson and then to all Members for approval. The minutes are signed by the Chairperson of the Committee.

The Committee Members shall be able to meet with any relevant person without any executive being present.

The Committee Members may invite to their meetings any person whose presence would be useful, including professional advisors, paid by the Company; in that case, with prior information of the Chairperson of the Board by the Chairperson of the relevant Committee.

At least two times per year, the Audit and Risk Committee meets with the statutory auditor and the internal auditors to discuss any relevant question regarding the Audit and Risk Committee's internal rules and any possible problem revealed during the audit process and, in particular, if there are any significant weaknesses in internal control, in particular with regard to the financial information process.
